## OFFICIAL RULES

COMMISSIONER: **SCOTT ANDERSON** 330-297-6558

This year's unprecedented "Rudy's Rules" meeting resulted in a 16th team owner (Steve Lindsey), a \$40 commitment deposit, a few new team names, random division selection, added divisional prize, no multi-position starters, no offensive points given to defensive scores, a Wed 08/27 draft date, no official "Swap Meet" party at Pixie, and a Fantasy Championship trophy to be named in honor of our first Champ (Toss), which will be passed every year to the reigning Champ.

There are a few changes from last year (noted with \*\*), so carefully review these guidelines to prepare for the 1997 season:

1. **Study these rules.** Questions and clarifications will be addressed on draft day. During the season, amendments to rules require unanimous vote of team owners. Additions and clarifications to rules are made at the Commissioner's discretion. During the offseason, rules may be amended or added by the Commissioner, to be agreed upon with majority vote of team owners the following year.
2. **Prepare for draft day.** Study NFL players/teams and gather literature/notes to bring on draft day. "Cheat Sheets" and NFL schedules will be provided.
3. **Decide on your team name.** Last year's names will be assumed. You may change your team name on/before draft day. The conventional geographic location and mascot name is a guideline, but not required. Be clever, but clean - with one exception. Last year's Toilet Bowl Loser must incorporate some reference to toilet and/or toilet usage in their name. This name must be agreed to by all other owners. Last year's Toilet Crapper was the "dummy" team.
4. **\*\*Show up for draft day on time.** No show, no team. If you cannot attend the draft personally, you may send a representative to draft for you. The rep cannot be another A-Son league owner. "Genuine Draught" day party commences on Wed 08/27/97 7:00pm at Rudy's Beer Garden in Brimfield. Better halves are welcome. Beer and food for all!
5. **Pay up your \$80 franchise fee by draft day.** No money, no team. If you cannot pay the \$80 fee by/on draft day, notify Commissioner beforehand to discuss your situation. Make checks payable to Scott Anderson.
6. **\*\*Understand draft day rules.**
  - a. **\*\*16 teams from 4 divisions will draft 13 players each.**
  - b. Each team may keep 1 player from last year's roster. First, team draft order will be randomly drawn. This will be the order used for all rounds as described in 6c. In the next 10 minutes, owners will decide if they will keep a player as their 1st round draft choice, or not keep a player and draft a player in the 1st round. After 10 minutes, keeper decisions will be secretly submitted, then announced. Draft then begins.

## OFFICIAL RULES

6. c. Round draft order will be:  
 1st pick thru 16th pick for rounds 1, 2, 5, 8, 9, 12, 13  
 16th pick thru 1st pick for rounds 3, 4, 6, 7, 10, 11.
- d. Each draft pick must be announced before timer reaches 0:00. Failure to pick in time will result in the loss of that pick. A makeup selection (no charge) will be made after the draft to fill the roster spot.  
 Rounds 1 thru 3 = 3:00 min each,  
 Rounds 4 thru 13 = 2:00 min each.

**7. Participate in weekly regular season play.**

- a. AFFL regular season uses the first 13 weeks of the NFL season. Week #1 begins Sun 8/31/97, week #13 ends Mon 11/24/97.
- b. Each week, your team plays one other team in head-to-head competition - most AFFL points scored wins the game. Equal scores will count as a tie (no tie-breakers).
- c. \*\*You will play each team in your division once. You will also play most of the remaining teams once. There will be only 2 teams you do not play in the regular season. Since we have 16 teams, there will be no "dummy" team this year.
- d. Each week you select your starting team of 8 players:  
 1 QB, 2 RB, 3 WR, 1 K, 1 DE

You must submit your starting lineup to the Commissioner by kickoff of the first game of the week (sometimes Thur or Sat). If no lineup is submitted, your starters from the previous week will be assumed.

- e. Tight ends are optional and considered wide receivers.
- f. The team selected as your Defense is also your Special teams selection. Their scoring is combined.

## g. Points are scored as follows:

Touchdown pass	4 pts
Touchdown run, return, recovery	6 pts
Touchdown catch	6 pts
2-pt conversion pass	1 pt
2-pt conversion run, recovery	2 pts
2-pt conversion catch	2 pts
Field goal (1-49 yds)	3 pts
Field goal (50+ yds)	5 pts
Extra point kick	1 pt
300 yards passing	2 pts
Each 100 yards passing over 300	1 pt
100 yards rushing	2 pts
Each 50 yards rushing over 100	1 pt
100 yards receiving	2 pts
Each 50 yards receiving over 100	1 pt
Defensive shutout	4 pts
** Defense allows no offensive touchdown	2 pts
Defensive safety	2 pts
Defensive turnover	1 pt

## OFFICIAL RULES

7.\*\* h.Players started on offense will not be credited individual points scored on defense (e.g. Dion Sanders returns an interception for a touchdown).

\*\* i.Multi-position players (e.g. E. Metcalf, K. Stewart) must be assigned 1 position by the new owner when they are obtained. The player can only be started at this assigned position.

j.Weekly scores, standings, transactions and rosters will be mailed on Wed. You should receive these reports by Fri. Insert the reports in the back of your blue book to accumulate history on the entire season.

**8.Improve your team throughout the season.** Continually monitor the performance of your AFFL team's players, other AFFL teams' players and AFFL free agents. Post-draft roster changes are allowed and encouraged!

a."Trade" players. You may "trade" your player(s) with another team's player(s). **Both** owners must contact Commissioner to verify the deal before traded players can start for their new teams. If foul-play is suspected (i.e. moves detrimental to high integrity of the league), Commissioner may deny the trade and/or call for an owner majority vote to allow or disallow the trade. Trades are \$2 per obtained player per team. Trade deadline is end of week #11, Mon 11/10/97 at 11:59:59pm.

b."Pickup" free agents. You may drop an active player on your roster to "pickup" a free agent (player not on an AFFL roster - active or taxed). Pickups are \$2 per player, drops are no charge. Pickups are permitted until you are out of the playoffs.

c."Taxi" free agents. You may temporarily "taxi" a free agent onto your roster for the week's play without altering your active roster. The taxed player becomes a free agent after the Mon night game (unless owner has previously committed to re-taxi the player). Taxis are \$2 per player. Taxis are permitted until you are out of the playoffs.

d.Each team's transaction charges are accumulated and recorded into the league "kitty". These charges will come due at Commissioner's discretion - normally at the end of the season.

e.Each week of the regular season, the team(s) with the highest score receives that week's transactions free.

**9.Determine your post-season status.**

a.Division winner. The 4 teams with the best win/loss records in their respective divisions are division winners. Winning criteria and tiebreakers are:

- 1) number of wins
- 2) winning percentage (tie = 0.5 win)
- 3) total points
- 4) head-to-head competition
- 5) highest point total one game

## COMMISSIONER'S NOTES:

- I thought this was the best draft yet! Rudy's lent itself perfectly to our needs - food, beer, privacy, space and fun. Everyone was pumped and prepared. The actual draft lasted only 4 hours. We did have our usual delay (thanks again, Flytz). During the delay, there was discussion of instituting penalties for tardiness (e.g. loose 3rd round pick at 30 min, 5th round at 1 hr, etc.). Darren paid \$10 to get a ride to arrive on time. Danny got a traffic ticket trying to get there on time. I can sympathize and am open to more suggestions. Thanks again to Toss and Rudy for hosting this blessed event!
- The 1997 "Official Rules" were unanimously approved at the "Genuine Draught" party.
- Most of you met Steve Lindsey (Brown St Ballers) at the "Rudy's Rules" meeting, the new owner that eliminated the "dummy" team this year. Steve is Tussy's son-in-law and my/Bob's/Terry's cousin-in-law (thanks to Kristy) and lives in Akron. Steve quickly learned this week the agony of starting the wrong player - get used to it, Steve. Welcome and good luck!
- Dane's business travel schedule has limited his ability to participate the way he would like, so he graciously dropped out of the league to let someone else in who could. Hopefully, Dane can return to the AFFL in the future - we would welcome him. Dane's replacement is Murph Lyle, my new next door neighbor on Nicodemus (I finally have some northern company in the league). Already, Murph has experienced the emotional rollercoaster of obtaining a stud, then immediately watching him go down to injury. Welcome and good luck, Murph!
- Like last year, this will be the report format. Every week, insert these pages in the back of your clear booklet I distributed at the draft.
- The Arctic Division sweeps! Last year, the Arctic could barely get a team into the Fantasy playoffs. This year, coinciding with the early arrival of cold weather, they jump out to a big lead in the quest for the new prize for most divisional total points.
- Two of the Stagers' fearsome threesome at wide receiver produced 28 points on route to a week high 54, defeating last year's Fantasy Runner-up Hell's Caretakers. The "staggering one" was much too calm, attentive and decisive at the draft - we should all be worried. Will they go undefeated? How can they loose with 4 QBs?
- For the second year in a row, the West Side Crackers knock off the reigning Fantasy Champ on opening day. Again, the Buckeye draft strategy pays off in week #1. If only I would have countered with Raymont Harris...

## COMMISSIONER'S NOTES:

1. In a rather low scoring week, OPH vaulted to high game of 45 points with a last minute Mon night TD under a "bad moon rison". This play seemed close to home as *Marty's* team scored on a pass from *Elvis* to *Bad Moon*, after burning *E-Rock*. OPH is not only ecstatic about scoring a personal rare 40+ points, but saves \$8 in transaction fees for high game. Cut that out - this is party money your dealing with!
2. After cheeing the Champ last week, the Crackers crumbled the Runner-up Caretakers this week and are leading their division. Look out!
3. Commish is having a rough year so far. I traded 2 players who scored 3 touchdowns this week for 1 player who didn't even play. No wonder the Offensers are 0-2 and not living up to their name. However, don't count out the Champ yet - I'm finally moved in and and preparing to win!
4. Draft boo-boo: the Maulers drafted RB James Stewart from Jacksonville, not RB James Stewart from Minnesota. This has been corrected. Sorry, Tuss, and those of you who tried to pickup the Jaguar scorer.
5. Remember, byes begin this week.

## COMMISSIONER'S NOTES:

1. Congrats to Murph with high game of 46! With nothing better to do last week since the Steelers were on bye, Murph decided to get serious about fantasy football. Glad the Steelers play next week!
2. Fantasy Bowl preview? OPH Bonioled the Staggers 41-40 late Mon night. Even an AFFL first of scoring from every position couldn't sustain Suffield's undefeated season.
3. Kingos needed 5 taxies (another AFFL first), but managed a tie (all important come playoff time) using only 2 normal starters.
4. What a difference a year makes. The Argonauts, last year's Toilet Bowl Runner-Up and most points against leader, has this year's co-best record and most total points. The Offensers and Caretakers, last year's Fantasy Bowl owners, have this year's co-worst records and most points against. Is this parity, diminishing skills, or luck?

## COMMISSIONER'S NOTES:

1. Slash led his Slashers to a week high 63 points, who now hold the only undefeated record. Memories of the Wannabe Wideouts resurfaced as the receiving trio accounted for 34 points. The Steelers could use a slug of Iron City's winning recipe. By the way, retroactive to the beginning of the year and active from here forward, the team with high game will receive a minimum \$2 credit, even if they have no transactions that week.
2. High points: Caretaker's have 20/20 vision; no more winless teams; Sabretooth won a close one; Iron City got lucky.  
Low points: Panama leaves country, drank more cases of beer than Jacks score points; Murph's 6 TEs scored 0 TDs; Kingos did not get lucky.
3. Next week's schedule features the clash of the titans. The 4 division leaders battle head-to-head for bragging rights. I love it when that happens!

## COMMISSIONER'S NOTES:

1. With only 2 carries and 0 points from the RB corp, the Maulers still managed to score a season high 66 points! Who needs running backs?
2. After the lightning settled from the clash of the titans, the Slashers and Argonauts emerged as big winners and have created their own battle for most total points - now tied at 206.
3. The Indians are about to begin their warpath toward the World Series. Let's give them a big "wahoo" from the A-Son tribe!

## COMMISSIONER'S NOTES:

1. Yaaaahooooo TRIBE!!!
2. As most of us were concentrating on the Indians series, low scores prevailed - except for that one man show in Iron City (I wonder if he can pitch?). Slash's 3 passing TD/2 rushing TD/24 point performance led the Slashers to another week high. Is there no limit to this fantasy phenom? Watch for the Bus to *accidentally* miss a few blitzes in the upcoming games.
3. Remember when Savannah scored zero points last year? Since then, management has steadily improved the team, relocating to Savoy and changing their name. Don't look now, but the Sinners are leading their division!
4. As Ohio State was kicking Hawkeye butt, OPH was inspired to utilize an emotional coaching tactic against the Buckeye laden lineup of the Crackers. The Volcanoes taxied the omnipresent Chris Spielman! It was \$2 well spent as West Side could not recover from the emotional defense Spielman provided OPH. I love it when you guys do stuff like this!

## COMMISSIONER'S NOTES:

1. More AFFL records! The Maulers must have had an angel in the end zone as they watched opponent Poop's Natrone Means Injury allow understudy Jimmy Stewart to take center stage and score an AFFL record 32 points, leading the Maulers to another league record of 79 points in one game! This week, in Mogadore, it's a wonderful life!
2. Rookie Brown St Ballers quietly roll along, bouncing a fellow division leader to maintain their division lead. I guess any team with Brown in their name is destined to be a football winner.
3. It's always a name thing. If it's not Kordell coming through for Iron City, its the Steeler DEF scoring the Slasher's only TD - just enough to stay unDEFeated.
4. Can you believe we are over halfway thru the regular season already? Remember there is a Thursday night game this week - call before kickoff!

## COMMISSIONER'S NOTES:

1. Kingos slams out of a long, ugly slump in tall fashion using big man Jabbar to lead the way, sky-hooking to a week high 50 points. The Schlonskies spread the scoring well as all starters contributed. Nothing like a free 3-player trade, eh Kingo? Who knew Jamal Anderson was left-handed before last Sunday?
2. The Offensers thank Kingos' Kirby for taking a long screen pass to the 1 yard line and getting huffed enough to sit out a play to let Floyd do the TD honors. OPH thanks Offenser's Irvin for taking a long pass to the 1 foot line and letting Emmitt get his breakthrough TD. Iron City thanks OPH for not starting Emmitt and for just giving them a good game. Henry Ellard thanks Iron "Midas" City for including him in yet another display of that golden touch.
3. This is the only Thurs. night game on our schedule. I must admit, it was nice not having to dedicate Sun. morning to you guys (of course, Shelly I don't mind).

## COMMISSIONER'S NOTES:

1. Lots of close games this week as the drive for the playoffs heats up. Twelve teams scored over the league average 31 points, none below 21 and none reaching 50. Miami's late Mon. night defensive score turned over a Mogadore loss to not only a win, but the week's high game.

2. This year is screaming by - its Halloween already! That also means the AFFL trade deadline is fast approaching - Mon. night 11/10 at midnight to be exact. Is your team ready for the playoffs? If not, get on the horn and get busy. The race for most trades (\$25) looks like this:

OPH Volcanoes	4
Repeat Offenders	3
L.A. Argonauts	2
Brown St. Ballers	2
Savoy Sinners	2
Suffield Staggers	1
West Side Crackers	1
Sabretooth Sackers	1
Murph's Law	1
Kingos Schlonskies	1

The reigning **Trade Master**, OPH, is maneuvering for his third straight trade title. Last year, the Vols orchestrated 8 trades to earn (buy?) the league's best record. As indicated above, trades are down from last year. I think it's time for Diggers!

Everyone is invited to Diggers (Rt. 43, Kent) Mon. 11/10 at 9pm to partake in what has become a favorite unsponsored gathering of the AFFL season. Last year, the Diggers trade deadline outing resulted in exchanges of 15 players. The league budget will allow a \$50 contribution toward the Diggers bill - the rest will be on us so bring a little cash. Plan your evening and your trade strategy and let the blue-chippers fly! Wall Street should be as fun.

## COMMISSIONER'S NOTES:

1. Opposite of last week, low scores were the norm this week. The Offensives win high game with a whopping 46! Commish will take it, and it still feels good.
2. West Side pulls the unexpected and starts both Eddie George and Rodney Thomas. Guess what? They both scored. Does anybody know what psychic West Side was seeing in Columbus?
3. With only 3 games left in the regular season, only the Tropic division looks like it will be a race. OPH and West Side pulled within 1 game of the Sinners. Brown St. keeps scoring just enough to win and needs just 1 win to clinch the division title. L.A. has taken over best record and refuses to let Repeat repeat as division winner. Iron City has melted of late, but still commands a 2-game lead in the division.
4. The pack has closed in on Iron City to make the battle for most total points interesting. Suffield and Mogadore lead the way with Iron City and L.A. close behind and Repeat close enough to be a long shot. Remember last year when Kingos scored 74 points in the last AFFL regular season game to finish just 1 point shy of the prize? I still wake up nights sweating from it.
5. This is the last week to get the player that will take you to the Fantasy Championship or keep you from the Toilet Bowl. Be sure to show up Mon. night 9pm at Diggers to make your plays. Don't be stuck on the bench - get in the game!

## COMMISSIONER'S NOTES:

1. Normally, I'd say it's pitiful for an AFFL team to score less than the opponent's defense. This week, however, I'd say it's unbelievable that 10 teams scored less than 1 defense, Denver with 28 points! To illustrate the impact defenses had this week - total DEF points were 129, total QB points were 65.
2. OPH rode Commissioner Gordon and Denver's defense to a week high 59 points and rode Commissioner Repeat out of the 4th Fantasy Playoff seed. OPH made coaching look easy by taxiing Sherman Williams in case Emmitt didn't play, and watching them both play and score. Poop and Aunt Bee say "how dare you hold Opie to single digits. Annnndy!".
3. Oh how competition changes things. Prior to Sunday's games, Iron City was content to wish the lovable Sackers a win, provided the Slashers scored 40 points. Even after a 41 point game was in the bag, on Mon. night as the Sackers inched closer to a win, Iron City reverted to their Pittsburgh ways, retracted their hollow proclamation and held the Sackers off by pulling the Midas touch from them and giving it to Philadelphia, allowing a late TD to avert the 2 Sacker points needed for the win. Just because San Fran's defense scored more points than Pittsburgh's defense was no reason to turn on the innocent Sackers. Sabretooth now vows for bloody revenge in the playoffs! The negative Pittsburgh influence raises its ugly head in northeast Ohio again.
4. Diggers was a lot of fun, show and tell, but little action. Only 2 trades were made, as OPH was not threatened for most trades. These trades will be on next week's report.

## COMMISSIONER'S NOTES:

- Two 1-point games this week keeps things interesting. Kingos needed every one of their week high 47 points to edge Poop and keep their Fantasy playoff hopes alive. The Maulers edged OPH to greatly enhance their playoff chances while maintaining the 3-team race to win the Tropic division.
- Congratulations to rookie Brown St. Ballers, ex-Toilet Bowler L.A. Argonauts and the golden Iron City Slashers for clinching division wins. Also, congrats to the perennial trade-master OPH Volcanoes for another season of most trades.
- To add to the thrill of post season possibilities, The "Prayoff for Playoff" party will kick off this Sunday (11/23), 3pm at Rudy's Beer Garden to celebrate the last AFFL regular season games. Beer and food will be plentiful. Better halves are welcome. This is what will be at stake:

Three teams will be fighting for the Tropic division title. Suprisingly, there are only 2 clinched Fantasy playoff spots. Eight teams will be vying for the remaining 6 seeds. The above-mentioned 2 clinched teams will also be battling for best record, most points and highest minimum game. Five other teams also have a shot at most points (remember Kingos 74 point finale last year?). Five teams can begrudgingly receive most points against. The 12 teams from the Arctic, Atlantic and Pacific divisions will be pulling together to win most division points. Everyone will be shooting for high game of the season.

I know you're in there somewhere, so come join the fun!

## COMMISSIONER'S NOTES:

- 1.The Offensers lived up to their name this week, scoring a week high 58 points, but still 2 shy of the Slashers high total for the year. Slash's golden armed hail Mary TD pass was the difference. That's what Repeat gets for not starting Philly's defense to knock that pass down!
- 2.Kingos stole a Fantasy playoff spot from the beloved Sackers. Elway could not come through this week, like Slash did. Dammit Terry, couldn't you give away just 2 points worth of Iron City magic this week? Dammit Uncle Gary, did you really have to start T. Brown? Dammit Darren, does Terrell always have to score 75% of Denver's TDs? Dammit Danny, did Favre really have to throw 2 TDs to Chewy? Dammit Kingo,....,wipe that smile off your face!
- 3.Did the Sinners know they were in Fantasy playoff contention?

7. MOGADORE MAULERS	Taxied	MATT STOVER

## COMMISSIONER'S NOTES:

1. It must be playoff time - almost all close games this week, particularly the high scoring ones! The 4 Fantasy playoff winners each advance and receive another \$25. The 4 Toilet playoff winners each drop out and receive \$10. Net winnings will be paid at the "Secondary Super Bowl" party on Super Sunday at Commish's new house on Nicodemus. Net losses will be due immediately following the AFFL season. The "Kitty Transaction" report of transactions and winnings will soon be provided. Easy come, easy go.
2. Repeat needed an angel in the end-zone (thanks grandma) at 12:20:22am Tues. morning to pave Dorsey's surprise TD run and allow the Offensives playoff advancement and a week high 57 points. The Maulers came hungry, swallowing the Barry & Irvin 5 TD meal on Turkey-Day, and spitting out 53 points back at Repeat going into Mon. night's game, before losing it after the divine interLevention. Commish can't remember a team scoring 50+ points and losing. Taxi the Raven, never more.
3. As usual, the close playoff games raise the question of tie-breakers. The 3-year old rule is: In a tie, the team with the higher playoff seed (#1 being highest) is determined the winner. Just beat it.
4. If someone sees Danny, use your imagination to extract \$40 of unpaid franchise fee from him and send it to me. I can't get no, money action.
5. Remember to call in your lineup before the Thurs. night game!

10.	SABRETOOTH SACKERS	Taxied	RAY ZELLARS

## COMMISSIONER'S NOTES:

1. Kingos caught 8 TD's and 54 points just from WR's, scored an AFFL playoff game record high 73 points, with 21 points still sitting on the bench. Shoot, I remember when King Putz considered 21 points a good week from the starters! This team is so hot right now that they may be unstoppable. Kingos has scored 117 points in their two playoff games.

2. But wait! Repeat scored from every position to tally 63 points, second highest AFFL playoff game ever behind Kingos' 73. There is hope - the Champ will not go down easy. In fact, Repeat has scored 120 points in their two playoff games.

3. The rivalry continues. Besides the shared awesome 1997 playoffs so far and the super games this week, Nicodemus/Repeat vs. Kingos has some interesting history. Last year, Nicodemus edged Kingos to win the Atlantic division by only 1 game, with Kingos winning the head-to-head regular season game. Nicodemus also edged Kingos for most total points by only 1 point, 507-506, as Kingos scored 74 points the last week to nearly steal the award. Kingos briefly had the prize in hand until Miami's defense scored 9 points on Mon. night to give the honor back to Nicodemus. Nicodemus then went on to defeat Kingos in last year's Fantasy semi-finals on their way to the Fantasy Championship. On top of all this, Commish and Kingos jostled a little on some rulings during the year that if ruled in favor of Kingos, would have changed 2 losses to 1 win and 1 tie, and allowed Kingos to edge Nicodemus for the division win. One point, one ruling, one win here or one win there could have reversed Nicodemus' and Kingos' 1996 outcomes. The close competition has been established.

After great seasons last year, both Repeat and Kingos started poorly this year. After week #5 this year, Repeat's record stood at 1-4, with the lowest point total in the league. Since then, Repeat has gone on a 9-1 run to make it back to the Fantasy Bowl for the 3rd time in 4 years. After week #7 this year, Kingos' record stood at 1-5-1. Since then, Kingos has gone on a 7-1 run to make it to their 1st Fantasy Bowl, just 2 years after playing in the Toilet Bowl.

4. The stage is set. The 2 hottest teams are now vying for the coveted ring. Can Repeat hold off Kingos one more time and live up to their lofty name? Or will Kingos take advantage of the odds to obtain revenge and become the new king of the ring and guzzle the first drink from the new FanTossy Cup? Whatever the outcome, the Repeat/Kingos friendly rivalry will be stronger than ever!

All AFFL owners are invited to Commish's house (8162 Nicodemus, Shalersville) Sun. 12/14 at 8pm to watch the Sun. night game that should decide the 1997 Fantasy Champion. Come root for Commish (using your head) or Kingos (using your heart) and join in on the fun. Hope to see you there.

## COMMISSIONER'S NOTES:

1. Sorry about the delay in sending this report. My computer is old, overworked and wants some recognition - it refuses to let me finish the AFFL book. Well, here is the recognition...
2. Good work Infiniti 486/33! You made Commish's job bearable and the rest of the league happy readers and players. The speed and accuracy of your reports are appreciated by all, not to mention your integral role in making the following announcement possible...
3. Commish's Repeat Offensives live up to their name and win their second consecutive AFFL Fantasy Championship!!! This is unbelievable. Four months ago, struggling with the new house, Jana, the kids, my job, AFFL commissioning and a mediocre draft, I had little concern or hope for another Championship this year. Well, as most well planned long term projects result after much short term suffering, finally moving into the house began to alleviate the above mentioned problems and I was able to concentrate a little more on AFFL - and the rest is gloriously documented history (thanks to Infiniti 486/33)...
4. Repeat and Infiniti did their homework and made critical changes at K and DEF, which ended up deciding the Champion. Kingos made a valiant effort to overcome Repeat's 18 Saturday points and force a reasonably close game. Even though Kingos could not pull the trigger on making any lineup changes, at least they called in their lineup...
5. Did West Side never return from Ann Harbor? Commish has not heard from them during the entire playoffs. Accordingly, the West Side Crackers lose all Toilet games to become the West Side Crappers (until they come up with a shittier name). Even as a hard core Buckeye fan, West Side should not emulate John Pooper's tendencies to flush the brain in big game weeks.
6. The "Secondary Super Bowl" party will be held at Commish's new house (8162 Nicodemus, Shalersville) on Super Bowl Sunday 01/25/98 starting at 5pm. Beer and food will be provided. Prizes will be awarded. Super Bowl game pools will be played - \$1 per square. As always, better halves are welcome!
7. The final Kitty Transaction detail has been included with this report. Winnings will be distributed at the "Secondary Super Bowl" party. Owed amounts will be due to me by 01/11/98. Here is a summary of the net dollar amounts:
