

A-Son Fantasy Football League
1998 Season

**COMMISSIONER'S
BOOK**

A-Son FFL Commissioner: Scott Anderson

Dear A-Son Fantasy Football Owner:

August 9, 1998

Are you ready for some FOOTBALL! Just the recent talk of the 1999 Browns has me pumped up. There are some very interesting groups vying for ownership of the Browns. Who's your favorite?

I had no luck in the off-season finding a willing new AFFL Commissioner. With mixed desires, Jana and I have decided to extend my Commiship for another year, but not without concessions. I have agreed to spend less time with AFFL, free more phone time for the family and keep Jana occupied while I am fantasizing. I think I can accomplish these things by using a faster computer, utilizing more stock FFL software reports, installing a second phone line and keeping Jana in constant supply of sensationalized biographies (Commssioner's Notes don't interest her - can you believe that!).

I am spreading some of the costs (\$100 worth) of these concessions throughout the league by increasing the franchise fee to \$100. I have also added some league enhancements (\$200 worth). Benefits to you will be an all day draft party, one additional league party, added prize winnings, fewer busy attempts calling in lineups, better looking reports and most importantly, **retaining the best Commish and maintaining the best Fantasy Football League around.** The best league just got better!

I have instituted a few changes this year. Here are the highlights:

- 1) *Rudy's Rules* meeting on **Fri. night**, 8/21/98, 9:00pm at Rudy's Beer Garden.
- 2) **Official rules** will be discussed and approved at *Rudy's Rules* meeting.
- 3) Franchise fee increased to **\$100**, due in full at *Rudy's Rules* meeting and is non-refundable.
- 4) *Genuine Draught* party begins **Sun. morning**, 9/6/98, 9:00am at Scott's house - lasts all day.
- 5) Last year's **AFFL player stats** will be provided on draft day.
- 6) Draft order will be randomly selected **by computer**.
- 7) Draft picks for rounds 1 thru 3 are **2:00 minutes** each.
- 8) Draft picks for rounds 4 thru 13 are **1:00 minute** each.
- 9) Missed draft picks due to **tardiness** will be made up upon arrival from remaining player pool.
- 10) Added league-sponsored **Swap til ya Drop** party on trade deadline.
- 11) Added "**Best Draft**" prize category for \$25.
- 12) Added "**Best Sleeper Drafted**" prize category for \$25.
- 13) **Division winners** are guaranteed a Fantasy playoff birth.
- 14) Commish's daytime work phone number is now **330-762-0251 ext. 233**.
- 15) Commish will have a **2nd home phone number**, which will be given at *Rudy's Rules* meeting.

The non-refundable (unless extreme circumstance) \$100 franchise fee is due in full 08/21 at *Rudy's Rules* meeting, no exceptions. Several owners last year contributed to Commish's delinquent payment frustration and hassle - in fact, I am still owed money. This will no longer be tolerated. This is not fair to the owners who scrap and make payment when due. This is also unnecessary time, money and aggravation Commish should not have to absorb. Lastly, there are too many potential owners (8 on waiting list) that will not manifest this problem.

Failure to pay dues when due will likely result in immediate loss of your franchise!

Waiting list owners are poised to pay and step in at any time if the opportunity arises, before, during or after the season.

I have made changes to make the draft more time-efficient and have extended the overall party time to an all day affair (the following Mon. is Labor Day!). The rules review and money collection will be done prior to draft day at *Rudy's Rules* meeting, along with division re-alignment. The non-refundable \$100 franchise fee should minimize the possibility of draft day no-shows, known to cause long delays in making necessary adjustments. On draft day, draft order will be randomly selected and automatically loaded by computer, eliminating the manual drawing and data entry. Maximum time allotted for draft picks in all rounds has been reduced by 1 minute per pick. My goal is to slice the actual draft duration to 3 hours. TVs (including new 53") will not be viewed until draft is complete and starting lineups are in. Will we see the opening kickoffs?

Draft will start promptly at 9:30am and will not be delayed waiting for tardy owners. Missed draft picks due to tardiness will be made up upon arrival, from the remaining player pool at that time. Any owner is welcome to stay at my house Sat. night 09/05 to ensure their draft day timeliness. For that matter, any owner is welcome to stay Sun. night (since Mon. is Labor Day) to ensure a safe after-party condition. This will be the first 2-keg AFFL party, so plan accordingly! As always, better halves are welcome.

Read the enclosed "Official Rules" to be discussed and approved at *Rudy's Rules* meeting, which by the way, is not a league-sponsored event - so bring drinking cash.

Let me know as soon as possible if you **are not** committing to owning an AFFL franchise. At *Rudy's Rules* meeting - no show without prior notification, no representation or no \$100 will be reason for team forfeiture. At the *Genuine Draught* draft - no show without representation will be reason for team forfeiture.

I have tightened some laces this year to make Commiship a little easier so I can satisfy both my family and my AFFL comrades. I hope you see these changes as improvements toward the enjoyment, quality and longevity of the league, as I do. Now...let's have some freakin' fabulous, festive, fanatical football fun!

Scott B. Anderson

A-Son Fantasy Football League Commissioner

330-297-6558

OFFICIAL RULES

Commissioner: **SCOTT ANDERSON** 330-297-6558 sba-son@usa.net

There are a several changes from last year (highlighted in preseason letter), so carefully review these guidelines to prepare for the 1998 season.

1. **Study these rules.** Questions and clarifications will be addressed at the *Rudy's Rules* meeting, held Fri. 8/21/98, 9:00pm at Rudy's Beer Garden in Brimfield. During the season, amendments to the rules require unanimous vote of team owners. Additions and clarifications to the rules are made at the Commissioner's discretion. During the off-season, rules may be amended or added by the Commissioner, to be agreed upon with majority vote of team owners the following year.
2. **Pay your \$100 franchise fee.** No money, no team. The full \$100 will be due at the *Rudy's Rules* meeting. The delinquent payment problem arose again last year, both at the beginning and end of the year. There will be no more tolerance for delinquency - there are many potential owners on a waiting list who can abide by this rule. Failure to pay dues when due will likely result in immediate loss of your franchise! Sorry, but Commish is still collecting debt from last year. Make checks payable to Scott Anderson.
3. **Decide on your team name.** Last year's names will be assumed. Divisions will be re-aligned at *Rudy's Rules* meeting, so your division geography may change. You may change your team name on or before draft day. The conventional geographic location and mascot name is a guideline, but not required. Be clever, but clean - with one exception. Last year's Toilet Bowl loser must incorporate some reference to toilet or toilet usage in their name. This name must be agreed to by all other owners. Last year's Toilet Crapper team was the West Side Crackers. West Side has dropped out of the league, spoiling our soiled name fun this year.
4. **Prepare for draft day.** Study NFL players/teams and gather literature/notes to bring on draft day. Last year's stats, this year's Cheat Sheets and NFL schedules will be provided.
5. **Show up for draft on time.** No show, no team. If you cannot attend the draft personally, you may send a representative to draft for you. The rep cannot be another A-Son league owner. Missed draft picks due to tardiness will be made up upon arrival, from the remaining player pool at that time. *Genuine Draught* day party commences on Sun. 9/6/98 9:00am at Scott Anderson's house in Shalersville. Better halves are welcome. Coffee, beer and food for all! All are welcome to stay the day for the games.
6. **Understand draft day rules.**
 - a. 16 teams from 4 divisions will draft 13 players each.
 - b. Each team may keep 1 player from last year's roster. First, team draft order will be randomly selected by the computer. This will be the order used for all rounds as described in 6c. In the next 10 minutes, owners will decide if they will keep a player as their 1st round draft choice, or not keep a player and draft a player in the 1st round. After 10 minutes, keeper decisions will be secretly submitted and announced. Draft then begins.
 - c. Round draft order will be:
1st pick thru 16th pick for rounds 1, 2, 5, 8, 9, 12, 13
16th pick thru 1st pick for rounds 3, 4, 6, 7, 10, 11.
 - d. Each draft pick must be announced before timer reaches 0:00. Failure to pick in time will result in the loss of that pick. A makeup selection (no charge) will be made after the draft to fill the roster spot.
Rounds 1 thru 3 = 2:00 min each,
Rounds 4 thru 13 = 1:00 min each.

A-SON FANTASY FOOTBALL LEAGUE 1998

7. Participate in weekly regular season play.

- a. AFFL regular season uses the first 13 weeks of the NFL season. Week #1 begins Sun. 9/6/98, week #13 ends Mon. 11/30/98.
- b. Each week, your team plays one other team in head-to-head competition - most AFFL points scored wins the game. Equal scores will count as a tie (no tie-breakers).
- c. You will play each team in your division once. You will also play most of the remaining teams once. There will be only 2 teams you do not play in the regular season.
- d. Each week you select your starting team of 8 players:
 1 QB, 2 RB, 3 WR, 1 K, 1 DE
 You must submit your starting lineup to the Commissioner by kickoff of the first game of the week (sometimes Thu. or Sat.). If no lineup is submitted, your starters from the previous week will be assumed.
- e. Tight ends are optional and are considered wide receivers.
- f. The team selected as your Defense is also your Special teams selection. Their scoring is combined.
- g. Points are scored as follows:

Touchdown pass	4 pts
Touchdown run, return, recovery	6 pts
Touchdown catch	6 pts
2-pt conversion pass	1 pt
2-pt conversion run, recovery.....	2 pts
2-pt conversion catch.....	2 pts
Field goal (1-49 yds)	3 pts
Field goal (50+ yds)	5 pts
Extra point kick	1 pt
300 yards passing	2 pts
Each 100 yards passing over 300	1 pt
100 yards rushing	2 pts
Each 50 yards rushing over 100	1 pt
100 yards receiving	2 pts
Each 50 yards receiving over 100	1 pt
Defense allows no offensive points.....	4 pts
Defense allows no offensive touchdown.....	2 pts
Defensive safety	2 pts
Defensive turnover	1 pt
- h. Players started on offense will not be credited individual points scored on defense (e.g. Dieon Sanders returns an interception for a touchdown).
- i. Multi-position players (e.g. E. Metcalf) must be assigned 1 position by the new owner when they are obtained. The player can only be started at this assigned position.
- j. Weekly scores, standings, transactions and rosters will be mailed on Wed. You should receive these reports by Fri.

A-SON FANTASY FOOTBALL LEAGUE 1998

8. **Improve your team throughout the season.** Continually monitor the performance of your AFFL team's players, other AFFL teams' players and AFFL free agents. Post-draft roster changes are allowed and encouraged!
- a. "Trade" players. You may "trade" your player(s) with another AFFL team's player(s). **Both** owners must contact Commissioner to verify the deal before traded players can start for their new teams. If foul-play is suspected (i.e. moves detrimental to high integrity of the league), Commissioner may deny the trade and/or call for an owner majority vote to allow or disallow the trade. Trades are \$2 per obtained player per team. Trade deadline is end of week #11, Mon. 11/16/98 at 11:59:59pm. The *Swap til ya Drop* party will mark and spark the event.
 - b. "Pickup" free agents. You may drop an active player on your roster to "pickup" a free agent (player not on an AFFL roster - active or taxied). Pickups are \$2 per player, drops are no charge. Pickups are permitted until you are out of the playoffs.
 - c. "Taxi" free agents. You may temporarily "taxi" a free agent onto your roster for the week's play without altering your active roster. The taxied player becomes a free agent after the Mon. night game (unless owner has previously committed to re-taxi the player). Taxis are \$2 per player. Taxis are permitted until you are out of the playoffs.
 - d. Each team's transaction charges are accumulated and recorded into the league "kitty". These charges will come due at Commissioner's discretion - normally at the end of the season. Failure to pay dues when due will likely result in immediate loss of your franchise!
 - e. Each week of the regular season and playoffs, the team(s) with the highest score receives that week's transactions free. A minimum \$2 credit is applied for high team(s) with no transactions.
9. **Determine your post-season status.**
- a. Division winner. The 4 teams with the best win/loss records in their respective divisions are division winners. Each division winner automatically makes the Fantasy playoffs, regardless of record. Winning criteria and tiebreakers are:
 - 1) number of wins
 - 2) winning percentage (tie = 0.5 win)
 - 3) total points
 - 4) head-to-head competition
 - 5) highest point total one game
 - b. Fantasy Bowl playoffs. The 4 division winners and the next 4 best win/loss records (seeding based on 9a above) will play for the Fantasy Bowl Championship. This will be a single-elimination playoff tournament, **winners** advance (tie-breakers same as 9a above). Quarter-finals will be played week #14, semi-finals played week #15, Fantasy Bowl played week #16.
 - c. Toilet Bowl playoffs. The remaining 8 teams not making the Fantasy playoffs (seeding based on 9a above) will play for the Toilet Bowl Crappership. This will be a single-elimination playoff tournament, **losers** advance (tie-breakers same as 9a above, on losing side). Quarter-finals will be played week #14, semi-finals played week #15, Toilet Bowl played week #16.
 - d. Money winners. Payouts are cumulative and will be distributed at the *Secondary Super Bowl* party on Super Bowl Sunday.

COMMISSIONER'S NOTES:

1. The *Genuine Draught* party was a great success! We started on time and finished 30 minutes before game time, just as planned. The entire draft process lasted exactly 3 hours - from the roll of the dice to select draft order to the last player selected. Draft selections lasted only 2 hrs. 40 min. We achieved our goal! Thanks to everyone for your timely arrivals and for helping to make this the smoothest AFFL draft to date.

The party lasted through all Sun. games and ended after a great Jets/49er overtime game. Thanks to all who brought supplemental food & drink. For those of you that left before OPH (Over-Partied Hombre) roused some energy to blitz the kitchen, you missed some great grub. A special A-Son thanks to Bob and Janine for dinner.

2. Welcome new owners Kristy, Paul, Tommy and Eric to the fifth season of the A-Son Fantasy Football League. See the updated AFFL Owners page for new owner info and new team names. Note Commish's second home phone number of 330-297-1577. Use this number when the primary number 330-297-6558 is busy. Leave a message when both are busy.
3. Congrats to the Brown St Ballers with week #1's high game of 58. Who says you have to draft healthy players to be successful in this league? Consider Charles Jordan a free condom for the Yatil Green boner.
4. Many close games marked the start of the season. Two 1-point games, a 2-point game and a 4-point game head the list. These four games were up for grabs during Mon. night's NFL game. Vinatieri was at least able to kick extra points to give Sabretooth a win. Glenn and McCaffrey missed TDs by inches, which would have changed losses to wins for Mogadore and Murph, respectively. Sharpe's self-inflicted concussion kept Dawg from pulling out a win. Shannon should save his all out energies for pass catching instead of crack-back run blocking. Talk to him big Dawg.
5. The Atlantic Division sweeps and the Tropic Division loses just 1 game by 1 point. Conversely, the Pacific Division goes winless and the Arctic Division squeezes out 1 win by 1 point. Interesting to note the highest minimum game of 28 belonged to the winless Pacific Division.
6. The last minute addition of the FFL-experienced Ball Hogs to an already powerful Atlantic Division (with 2 previous A-Son Champs and a perennial playoff team) makes the undefeated Atlantic a fearsome division.
7. Browns are back! Lerner's ultimate plan to own the Browns has been realized. Commish uncharacteristically agrees with the NFL owners with this choice of ownership. Lerner's financial strength, Policy's NFL business savvy and Kosar's football knowledge and public relations potential should be a good foundation to build a successful NFL organization. Who likes George Siefert as head coach?

10. MIKLOS MANGLERS	Traded	QB BRETT FAVRE (GB)	to 1. POSTAL PREDATORS
10. MIKLOS MANGLERS	Dropped	RB TYRONE WHEATLEY (NYG)

COMMISSIONER'S NOTES:

- The P.P.'s and M.M.'s negotiated the year's first trade, and it was big. Number one draft pick Brett Favre was unleashed from Miklos and air-mailed to Postal for three solid starters, just prior to game time. The trade improved both teams. A subsequent trade (documented in week #3 transactions) was also executed between the siblings. Is this a conspiracy to oust OPH as the reigning *Trademaster*? Commish will keep an eye on this bro.
- The above trade allowed the Predators to start Favre against Miklos' hubby Ballers. The Ballers (Favre fanciers) responded with Steve Young (Miklos' fantasy) heavily outscoring Favre for a come-from-behind win over the Predators and a moral victory within the household. By the way, the three players who were traded for Favre also outscored Mr. #1. It will be interesting to track the results of this trade, both on and off the field.
- The first time Commish can recall, there were three 20+ point AFFL starters this week - Terrell, Barry and Forever Young. The Trislanders were able to support Barry's 21 points with 36 more to take the week's high game and edge out to an early total points lead.
- Heavens-to-Schlonskies! For the second straight week the excited ones encounter the weeks' high scorer. The \$25 for most points against just doesn't deserve this degree of penance, does it Kingos? Does Kingos Schlonskies mean Slick Willies in some God-forsaken language?
- Remember that next week is the first bye week. Trade and taxi away!

COMMISSIONER'S NOTES:

1. Do we have intense competition or just plain parity? Whatever it is, it helped account for three ties this week! This will make it interesting figuring out playoff births and seeds at the end of the year. Remember, number of wins are first considered, then winning percentage. Ties count for 0.5 wins in calculating winning percentage.
2. Low scores were the norm this week. The Trislanders take the second consecutive week high game with a disappointing 42 points. It definitely was not worth losing Jimbo Stewart nor the \$2 credit. It *was* worth a win!
3. I love this transaction action! Keep it coming. Each transaction buys a few more beers at the next AFFL party.

COMMISSIONER'S NOTE:

1. Erik who to Bobby who? The Bear tandem led the Miklos Manglers to a beastly score of 75 points! All 8 starters scored. To put this score in perspective, I can recall only 4 previous 70+ games in AFFL's 4 year history. Miklos was just a few points shy of the all-AFFL single game record of 79 held by Miklos Manglers' opponent, Mogadore Maulers. Hmmm, maybe more team managers may mooch 'M' to make a more monstrous name. Respectfully, Miklos (mee klo) will no longer be incorrectly pronounced by this Commish. Is this season's high game attained early this year? The goal is now defined, the chase is on. Who's up to the challenge?

COMMISSIONER'S NOTES:

- The Lerner/Policy/Kosar/Biggin gang utilized scoring from 7 of 8 starters to post a week high of 53 points. The Dawgs are beginning to bark and are Back into the swing of things.
- Kingos used the old *ride the wave of a scoring machine* strategy to overtake Miklos on Mon. night in the pouring rain. Minneschlonskie's Smith, Reed and Anderson each scored, combining for 25 points and a come from behind win for Kingos, who retains the Arctic division lead and a 3 game winning streak.
- New Orleans kneels, Miami muffs, Green Bay bombs, San Fran falls and the Trislanders tumble from the heights of perfection. Commish's undefeated season and a 9 game winning streak spanning 2 seasons end with a drubbing from division opponent Ballers.
- Murph's Law this week states "We can score our season high, which still won't be good enough to win!". Bubby again performs better for Browns fans than for Steelers fans.
- Spank the Yanks, Tribe!!!

COMMISSIONER'S NOTES:

- Shelly and her Sabretooth Sackers sure are something special. Sacker hunk and this week's opponent Iron City leaves town for the week, not to be heard from by either Sabre or Commish as of late Sun. morning. With huge heart and a driving desire to compete, our A-Son perfect 10 confidently made solid roster moves for the missing Slashers and inserted her opposing line-up. Sabre's moves produced 13 additional points for Iron City, who was hard hit by byes. Deservedly, it was not near enough to approach Sabretooth's week high score of 54! This was supplemented by 28 more points sitting on the bench, and a potential score of 76! Wow! Congratulations Sackers! Obviously, SS's angel in the end zone was proud of this display of love, fairness, sportsmanship, confidence, competitiveness and excellence. Sorrowfully, the A-Son owners send our sincere sympathies realizing the passing of grandma. Keep the spirit, Shell.
- The Tropic division is one dangerous place to be - take it from Commish who is in the eye of the storm. The Backers, Sackers and Ballers are trying to take the 'Tri' out of the Trislanders. Brown St. and Dawg handed the potential dynasty two straight defeats. Only 1/2 game now separates these 4 teams - each ranked in the top 5 for total season points. Look out, the Tropic storm is invading the Pacific!
- Deviation alert.....don't forget to call in your lineup before kickoff on **Thursday** night!

COMMISSIONER'S NOTES:

- The Steve's are hot! Steve Young has led Steve Lindsey's Brown St Ballers to 3 consecutive wins and this week's high game of 55. Young has 101 AFFL points already, almost twice that of the next closest QB B.Favre with 52. Super stud Young even distances RB stud T.Davis by 33 points, and next best RB R.Edwards by 55! Top AFFL WR R.Moss pales in comparison with 39 points. To put Young's output in perspective, consider that D.Bledsoe, B.Sanders & A.Freeman (all having good years) have combined for only 3 more AFFL points than Mr. Young. As long as super studs Steves hold their Brown Baller blood, they will continue to have their way with opponents. Hmmm, I wonder if this week's close adversary Miklos has the key to dropping the surging Steves. Stay tuned.

COMMISSIONER'S NOTES:

1. A third Steve (Christie) joins the Brown St parade, matching Steve Young's 12 points to boot the Ballers past in-house rival Miklos and to a second straight week high, their third for the season. In fact, a team from the Tropic division has won week high game in 7 of the 8 weeks of the season. Only Miklos 75 point game has disrupted this streak. Speaking of Miklos, one wonders which *kris-tee* is tops on the Baller totem pole these days.
2. One 4th quarter play Mon night changed the outcome of 3 games. Stewie passes for a TD to lift the Slashers past the Trislanders, Charlie catches the TD to vault the Sackers over the Staggers, which allowed Normie to kick the extra point to tie Murph with Dawg. Damn you Stealie rooters. The Browns aren't even in the league and you still manage to Pitt off the home town faithful.
3. Sorry for the Sun. morning inconvenience caused by Commish's PC being down. That's what I get for trying to mix in real life work when I should just be fantasizing. I was not able to provide you the quick, confident data I normally can with my main info tool. Maybe that contributed to this week's low scores, which included many very close games. Double check your transactions and starters to be sure everything is correct. I'm back up and running now - thanks for your understanding.

COMMISSIONER'S NOTES:

- Dallas' Mon. night defense carried Postal past Dawg, Brown St, Sabretooth and Kingos to collect week high score honors with 56 points. The Tropics were gunning for 8 of 9 week highs, but were denied by Deion and the 'boys.
- Kingos jumps from third to first in the Arctic while Iron City moves into first in the Pacific. Only one game separates first and last in the Arctic. Bahama and Iron City gain a game on their entire respective divisions. The Tropics continue to cyclone through the other divisions. Only 1.5 games separate first and last in the Tropic. There are just 4 games remaining in the regular season - this year is flying by!
- Will Charles Johnson's 24 points hold up as the single game player high for the rest of the year?
- Congratulations to Terry for receiving USA Gymnastics Region 5 (OH, MI, IN, IL, KY) "**Coach of the Year**"! Iron City may also receive an A-son FFL award of "Hands-Off Owner of the Year". While receiving the non-AFFL award in Chicago, the Slashers' trusted assistant again manages Iron City to victory in the owner's absence. This Commish has not enforced a "no tampering" rule, so I guess that Iron City's desirable assistant may be swooned by other AFFL callers. We may see a little more of Iron City muscle in the near future as they protect their turf. By the way, thanks Flytz and Toss for hosting a great spontaneous gathering at Rudy's Mon. night to celebrate Terry's outstanding achievement.
- Party planning.....the trade deadline is Mon. night 11/16 at midnight. As promised the *Swap til ya Drop* party will highlight the event and will be held that Mon. night at Rudy's beginning at 8pm. Beer and food for all, better halves welcome. Also make plans to attend the *Prayoff for Playoff* party Sun. 11/29 - details will be announced later.

COMMISSIONER'S NOTES:

- What do O.J. McDuffie and New Orleans defense have in common? Both are low-rated fantasy football prospects that scored 14 points each, leading the Maulers to a monstrous week high of 65 points. The win places Mogadore once again on top of the Arctic world amidst the circling winds of the north. That was the Arctic's third lead change in a row, which has encompassed 3 different leaders in the past 4 weeks.
- Murph's Law saw his opening for the 15th seed in the playoffs and took advantage, flushing current 15th seed Miklos and drawing only 1 win away from not going into the Toilet playoffs as the favorite.
- The trade deadline must be near! Five trades were conducted this week resulting in AFFL team changes for 17 players. The trade deadline *Swap til ya Drop* party at Rudy's Mon. night 11/16 at 8pm will hopefully result in similar trade numbers. Here are the leading candidates for winning the \$25 Most Trades prize and dubbed our "Trade Master" for the next year.

Miklos Manglers	5 trades
Postal Predators	4 trades
Vale Dr Violators	3 trades
Fantasy Trislanders	3 trades
Sabretooth Sackers	2 trades
OPH Volcanoes	2 trades

COMMISSIONER'S NOTES:

- Dawg is high again, and still smokin'. Brown St wins their 7th in a row (can't anyone score against them?). Postal has arrived. Kingos always rises in the end. Suffield is quietly getting the job done. OPH is trading for both quality and quantity this year - look out.
- As you can see (if you can read this small print), the trade wire was hummin' last week leading up to the trade deadline. *Swap til ya Drop* was stupendous! Twelve trades involving 34 players.....yes we had fun. The trades will appear on week #12's reports.
- At a glance, two teams have clinched Fantasy playoffs. Three teams have clinched Toilet crapoffs. Eleven teams battle within mediocrity to draw the fine line between the heavenly and the stinky.

COMMISSIONER'S NOTES:

- After the trade dust cleared, OPH scored from every position to post the week high and a season high runner-up 67 points. Untrue to form, OPH did not make one last run at retaining the *TradeMaster* title, opting to stay put on one helluva team instead of making a few more trades and jeopardizing their lineup. Bummer for the rest of us.
- By the way, congratulations to the new *TradeMaster*, Paul, who posted an AFFL record 10 trades! After an 0-3 start, Postal has moved into the #3 seed in the Fantasy playoffs (with 1 game remaining) via those trades. Most of us recall a similar situation last year when an 0-3 team made a few successful trades and ended up as A-Son champ. Could this be a comeback Repeat? Naahhh, name's not cool enough.
- Here we are, the last week (#13) of the regular season, which means *Prayoff for Playoff* party at (guess) Rudy's on Sun. 11/29 starting at 3pm. As usual, food and beer for all. Five teams have clinched Fantasy playoff births. Five teams pray for the last 3 Fantasy spots. Come join the fun and root your team and your AFFL brethren to their Fantasy/Toilet playoff destinies. I can't believe the playoffs are upon us. Let us celebrate!

COMMISSIONER'S NOTES:

- A wild finish to a terrific regular season was capped by 3 teams scoring over 60 points and toying with overtaking Miklos' 75 for the season high. Miklos was there to defend their ground with 68, but could not hold off the attack of the Dawg, who took week high with 70 points. Poop threatened early, gobbling up 56 points on Turkey Day alone, and ended with their season high of 62. In the end, Miklos retained their very strong season high of 75 points. Congrats!
- The veteran Maulers bounced the rookie Predators out of the division lead and into the Toilet playoffs. Toss took advantage with a huge score of 62 to force and take the tiebreaker over Postal and Fantasy. The Trislanders big season start was enough to keep them in the Fantasy playoff race.
- Dawg is the big regular season prize winner this year and looks unstoppable, but ten other teams were able to get into the prize action so far. Congratulations to all prize winners:

- I have included regular season totals and averages on the standings report. For your information and for comparison sake, the A-Son league average points per game was 32 (for and against, as logic dictates).
- Remember there is another Thursday night game this week. Don't forget to call, this is a money week (\$25 to this week's Fantasy playoff winners, \$10 to Toilet playoff winners). Week high game wins free transactions (\$2 minimum) even in the playoffs.

COMMISSIONER'S NOTES:

- What does $41 + 49 + 32 + 35 + 37 + 33$ equal? One collective "Uugggh" from 6 of 8 owners who lost playoff games and scored above the league average. Usually, these scores are good for a win. But not this week. The average score this week was 42!
- The scoring spree was led by your reigning champ Trislanders, scoring from each position, with each RB and WR taking part in a touchdown and gaining 100 yards, getting double digits from kicker and defense, and reaching the unprecedented 80's with a **new all-time A-Son high game of 82!!!** This was the kind of game that all Fantasy owners fantasize about. Commish hopes the wad is not yet spent.
- Dawg and OPH, the potent and favored #1 and #2 Fantasy seeds respectively, respectably scored in the 40's, but were knocked out of the running by Fantasy and Toss/Troy, respectively, the #8 and #7 Fantasy seeds respectively. Although respectful of their opponents regular season accomplishments, the underdogs and savvy previous Fantasy Champions threw respect out the window and 4 touchdowns to Stokes/Smith/Martin and Moss/Rison, respectively.
- Speaking of Toss/Troy, the Randall/Randy tandem has amassed 80 points in the last 2 weeks, almost solely on 6 plays. Does any team stand a chance against this dynamic duo, Spiderman, the "stud stable" and Richie the 'C'? Not according to the big guys.
- The first Fantasy playoff tie occurred this week. Commish had to go back to the official rules to decide this one. Congrats to the Maulers, condolences to the Sackers. Below is the official tiebreaker criteria and the deciding numbers:

	<u>Mogadore</u>	<u>Sabretooth</u>
a) number of wins	7	7
b) winning percentage (tie = 0.5 win)	.577	.577
c) total points	446	393
d) head-to-head competition		
e) highest point total one game

COMMISSIONER'S NOTES:

- Does anyone remember the Falkland Drunks or Bob's Lake XXX's? These were the two teams matched up in the first A-Son Fantasy Bowl in 1994 with owners Toss/Eric winning the big one over Darren/Scott. Since then, Darren & Commish have split to manage very successful AFFL teams year after year. After losing partner "E", Toss has managed 3 straight Toilet playoffs (including one Toilet Crappership) until partnering again, now with Troy & Poop, to get back to the promise land. This year's Fantasy Bowl features a rematch between Toss and Darren as Toss, Troy & Poop meet the Suffield Staggers. Commish and the Staggers painfully recall their 4 point 1994 Fantasy Bowl loss to the Drunks due to the early 1st quarter exit by Steve Young after he surpassed Joe Montana's highest all-time single season quarterback rating by completing 8 of 9 for 100+ yards and a TD. Toss still argues that the absence of Young and Jerry Rice's 3rd quarter exit was more devastating to the Drunks than Young's departure was to the XXX's. This year's rematch rekindles this remembrance and adds extra incentive to realize reassurance, revenge or righteousness. Good luck to the four of you (by the way, has anyone met Poop?).
- Who would have guessed a lineup of Favre, Bettis, Watters, Freeman, Glenn, Ismail, Andersen & Dallas would be playing in the Toilet Bowl? The Postal Predators may meet a Slashless Slashers if Kid Kordell continues his tearful temper tantrums.
- Bowl contestants.....remember there are Saturday games this week!
- An unsponsored (bring cash) AFFL gathering will be held Mon. night to enjoy the final Bowl games' excitement. If you are interested, call Commish for details.

COMMISSIONER'S NOTES:

- Good things come to those who persist and persevere. In their 4th Fantasy playoff in 5 years, the Suffield Stagers have finally reached the pinnacle of success by downing Toss, Troy & Poop in the 1998 A-Son Fantasy Bowl. Revenge and righteousness has been served. Suffield took immediate advantage of this year's new rule (which they lobbied hard for) that division winners go to the Fantasy playoff, regardless of record. Had that rule not been in place, the Stagers would not be in their current enviable position. Nevertheless, the Stagers pumped out 147 points (avg 49) in the playoffs to undeniably earn the right to be proclaimed.....the **SUFFIELD STAGGERS, A-Son Fantasy Football Champion**. Has a certain "ring" to it, eh? The Stagers beat the best to be the best, defeating each previous A-Son Champ this year. In fact, they beat Poop, the Jacks and Trislanders each once in the regular season, and the Trislanders and Poop again in the playoffs. The ex-Champs had their shots, but could not swagger the Stagers. A deserved congratulations to Darren from all the A-Son owners for a sober and successful championship season!
- Although the Dawg Backers exited the playoffs early, they had one whale of a season. After winning 3 week high games during the regular season, the Backers took 6 season-end prizes - Best Record, Most Points, High Minimum Game, Division Win, Fantasy Playoff and Most Combined Division Points. This was all won by basically sticking with their same lineup from week #1 to week #13. In fact the same Backer lineup that started in week #1 started in week #13. Needless to say, Dawg adds a 7th prize by winning Best Draft, in whopping fashion. Great season, Dawg! Here are the top 5 drafts (cumulative weeks #1-16 AFFL points for week #1 starters - see pages 84-85):

Dawg Backers	(641)
Brown St Ballers	(524)
Miklos Manglers	(521)
Toss, Troy & Poop	(489)
Mogadore Manglers	(486)

A-SON FANTASY FOOTBALL LEAGUE 1998

NOTES FOR WEEK #16

3. Although the Postal Predators bewilderingly found themselves in the Toilet Bowl, they had one interesting season. Postal triggered the first trade of the year by giving up 3 players for #1 overall draft pick Brett Favre. This was the first of 10 trades that earned them the *TradeMaster* title. The Predators supplemented these trades with 29 other transactions to almost lead the league with 45 total players obtained, one less than perennial leader OPH. Postal gathered 2 week high scores, missed winning their division by one tie, ended the regular season with a better record than our eventual Champion, but wound up in the Toilet Bowl. However, Postal can take solace (and needed transaction cash) in picking the Best Sleeper Drafted, Peyton Manning. Congrats, Postal, and welcome to the wild world of A-Son Fantasy Football! See page 85 for the top draft sleepers.
4. Speaking of the Toilet Bowl, the Iron City Slashers decisively became the Tanked One by loosing the Toilet Bowl to Postal 11-59. The once daunting Slash/Slashers went on a sabbatical, scoring only 43 points (avg 14) in the Toilet playoffs to deservedly be proclaimed.....the **Iron Shitty Slashers, Toilet Crapper**. Has no "ring" at all to it, eh? Enough said.
5. The *Secondary Super Bowl* party will be held at Rudy's in conjunction with Rudy's annual NFL Super Bowl Party on Sun. 01/31/99. Rudy's has agreed to expand their normal party to accommodate our group. Besides the Super Bowl, highlights will include a delicious prime rib dinner, unlimited beer/pop and lots of side betting, along with our usual presentation of AFFL prize winnings, the ring and the FanTossy trophy. The league will pay for each owner's \$25 party ticket. Better halves are welcome, but need to purchase a \$25 ticket to attend. Please make plans to partake in our last season gathering. It should be a blow-out (hope the game is not)!
6. I have included your detailed kitty transaction sheet with this report. As stated above, prize winnings will be distributed at the *Secondary Super Bowl* party. These will be net winnings after transaction fees are deducted. For those of you that owe the league money (negative amounts shown below), please pay Commish before **Fri. 01/15/99** so that all winnings and league expenses can be paid. Here are the final net amounts:

7. Thanks for what I think has been the best A-Son season yet! The 300 transactions this year proves the high activity and involvement levels that are needed to maintain interest and a high level of competition. I'm already looking forward to next year. Happy 1999! Bring on the Browns!!!
